Subject: Paducah Gaseous Diffusion Plant (PGDP) Citizens Advisory Board (CAB)
Recommendation for Discontinuation of the S&T Landfill Site Investigation

Dear Mr. Bassett:

At the January 15, 2004, PGDP CAB meeting, the Board decided by consensus to submit a recommendation to the U.S. Department of Energy (DOE) requesting the S&T Landfill Site Investigation at the PGDP be discontinued. Board ex-officio representatives for both the U.S. Environmental Protection Agency and the Kentucky Division for Waste Management were copied on this recommendation as normal Board practices dictate.

However, based on the time critical nature of this recommendation and the involvement by both agencies in the project, we wanted to ensure you are fully aware of this action taken by the Board. We respectfully request that you review the enclosed recommendation and give serious consideration in a timely manner to the concerns we have expressed to DOE, prior to any further movement on the project.

Sincerely,

Bill Tanner, Chair
PGDP Citizens Advisory Board
